Register of PLANNED EMERGENCY PRODUCERS

PLANNED MANUFACTURERS OF WAR MATERIEL
FOR ALL MILITARY DEPARTMENTS AND AGENCIES REGISTERED
UNDER THE DEPARTMENT OF DEFENSE
INDUSTRIAL PREPAREDNESS PLANNING PROGRAM

D7.11/2:

Requests for changes in distribution requirements should be addressed to:

ARMY

Headquarters, Army Materiel Command
ATTN: DRCPP-I
5001 Eisenhower Avenue
Alexandria, VA 22333-0001

NAVY

Chief of Naval Material
MAT 08M
Room 1044, Crystal Plaza #5
Washington, DC 20360-5100

AIR FORCE: Submit in accordance with AFR 7-1 to:

Air Force Publishing Distribution Center
2800 Eastern Boulevard
Baltimore, MD 21220-2898

DEFENSE LOGISTICS AGENCY

Headquarters, Defense Logistics Agency
ATTN: DLA-XPD
Cameron Station
Alexandria, VA 22304-6100

READEX FICHE

DEFENSE LOGISTICS AGENCY
HEADQUARTERS
CAMERON STATION
ALEXANDRIA, VIRGINIA 22314

FOREWORD

The Register of Planned Emergency Producers (RPEP) is published in one volume, divided into three sections, arranged as follows:

Section I Alphabetical Listing
Section II Geographical Listing
Section III Armed Services Production Planning Officer (ASPPO)

These sections form the official list of privately-owned United States and Canadian industrial firms and Military Departments' facilities participating in DoD Industrial Preparedness Planning. Their purpose is to guide the Acquisition Activities' planning officers in applying proper administrative procedures when a prospective source has been selected for a surge/mobilization production schedule. They are a directory of industrial participants and identify the ASPPO responsible for the validity of plans developed with each. Army, Navy, and Air Force-owned facilities are listed separately at the end of each section.

Code designations and mailing addresses of Acquisition Activities and ASPPOs as of 31 January 1985 are listed in Table 1 and Table 2, respectively. Acquisition Activities and ASPPOs are responsible for reporting, as they occur, any changes which affect Tables 1 or 2. Changes will be reported to Headquarters, Defense Logistics Agency, ATTN: DLA-AP, Cameron Station, Alexandria, VA 22304-6100. ASPPOs also will report promptly changes of any kind that affect the listings of their assigned plants so correct records of mobilization planning responsibility can be centrally maintained.

A "Change Notice" is issued to all holders of the RPEP within the Department of Defense whenever a substantive change is made in Tables 1 or 2. Notices will not be issued to the public, but any person may get information on these from the Defense Logistics Agency, ATTN: DLA-AP, or from another of the offices listed in Tables 1 or 2.

Acquisition Activities wishing to initiate a preparedness planning schedule with a source not listed in the RPEP should contact the Defense Contract Administration Services (DCAS) Region or Management Area Office nearest the facility involved. Addresses of these DCAS activities are shown in Table 2, ASPPO codes 800 thru 884. The map indicates the geographical boundaries of the DCAS Regional and Management Area Offices.

This handbook supersedes DoD 4005.3-H, 1 Apr 84.

Entries in the ALPHABETICAL LISTING, Section I, appear alphabetically, by Parent Corporation, Division, Department or Plant, where appropriate, in descending order. Entries in the GEOGRAPHICAL LISTING, Section II, are arranged by State, and alphabetically by name of firm within each State. Entries in the ASPPO LISTING, Section III, are arranged in alphabetical order under each ASPPO's identifying code number. The ASPPO code numbers are arranged in numerical sequence by Military Department, Defense Logistics Agency, participating civilian agencies, and Canadian Commercial Corporation.

This publication is distributed to appropriate Army, Navy, Air Force, Defense Logistics Agency, and Maritime Administration field offices by their respective headquarters. Requests for additional copies for use within the Military Departments and Agencies should be addressed to the appropriate Military Service Headquarters, as indicated on the inside of the front cover. Field activities of Government Agencies outside the Department of Defense should submit their requests for copies through their respective headquarters offices to the Office of the Under Secretary of Defense (Research & Engineering), ATTN: Code AM, The Pentagon, Washington, DC 20301.

BY ORDER OF THE DIRECTOR

George A. White

Explanation of Contents	iv
Types of Planned Producers	vi
Summary of Plants by Geographical Location	vii
Statistical Summary of ASPPO Assignments	ix
Table 1 - Acquisition Activities	x
Table 2 - Armed Services Production Planning Officers (ASPPOs)	xvii
Map - DCASR Geographical Boundaries and Components	xxxv
Definition of Government-Owned Industrial Plants	xxxvi
Alphabetical Plant Listings - Section I	(Salmon)
Geographical Plant Listings - Section II	(White)
ASPPO Listings - Section III	(Salmon)

*Explanation of Contents

Column 1, Facility. An alphabetical listing of the companies participating in the program. When applicable, the name of the parent company, controlling organization, or selling agent precedes the name of the subsidiary, division, or plant. In most cases, the plants, subsidiaries, or intracorporate divisions of complex manufacturing facilities are in their alphabetical sequence following the name of the parent organization. Similarly, alphabetical sequence is followed in listing the plants in a divisional group as arranged by industrial management for planning purposes. The descriptive terms used to designate a plant conform to the usage customary in the enterprise listed, such as company, division works, mill, plant, etc.

Column 2, City and Column 3, State. These two columns identify the city and state in which each manufacturing plant is located.

Column 4, Plant Index Numbers. These are numbers assigned by Headquarters, Defense Logistics Agency, to identify the listed manufacturing plants. They remain unchanged as long as the plant management continues to participate in the DoD Industrial Preparedness Planning Program, regardless of changes in the name or organization of the operating company. Except for Plant Index Numbers starting with 995, which indicate a Government-owned plant, the digits in the numbers are not significant.

Column 5, ASPPO Code Number. An Armed Services Production Planning Officer (ASPPO) is identified as the Commanding Officer, or the officer in charge of the office whose staff makes direct contact with industrial management for the purpose of negotiating mobilization production schedules as requested by Procuring Activities and for advising and assisting the management of participating firms in the extension of subcontract planning. He is the Department of Defense coordinator of emergency production planning for those plants assigned to him and is responsible through command channels to the Under Secretary of Defense (Research & Engineering) for conducting this important part of Industrial Preparedness Planning.

*Sections I (Alphabetical) and II (Geographical). For Section III (ASPPO) Column 1 - ASPPO Code; Column 2 - Facility; Column 3 - City; Column 4 - State; and Column 5 - Plant Index Number (PIN).

Special Code Following Column 5. Coded entries reflect business size, ownership, or governmental identity. Where the industrial facility is privately owned, the business size standard is applicable to the parent organization:

Code	
1	Small Business
2	Small Business with DoD-Owned Industrial Facilities
3	Large Business
4	Large Business with DoD-Owned Industrial Facilities
C	Canadian Firms
G	Government-Owned Contractor-Operated (GOCO) Plants
O	Government-Owned Government-Operated (GOGO) Plants
P	Federal Prison Industries
S	State-Owned Industries

Note: An ASTERISK (*) preceding a Plant Index Number (PIN) indicates there has been no planning with the facility for 12 or more months and is in inactive status.

Any facility, except those under corporate planning, in inactive status for 24 months will be deleted from the Register of Planned Emergency Producers (RPEP).

Facilities under corporate planning will be deleted from the RPEP only when all of the registered corporate facilities meet the 24 months inactive status criterion.

An alpha notation appearing after the state indicator represents:

A - New producer added
C - Change in producer's name and/or location

TABLE 1

ACQUISITION ACTIVITIES

Acquisition Activities are organizational elements of a Military Department or Agency, or of a participating civilian agency, which have acquisition responsibility and therefore preparedness planning responsibility for one or more planning items. The following activities are participating in DoD Industrial Preparedness Planning:

DEPARTMENT OF THE ARMY

Code No.	Acquisition Activity
01	Commander U.S. Army Tank and Automotive Command Procurement & Production Directorate Production Division Industrial Preparedness Branch ATTN: AMSTA-ICC Warren, MI 48397-5000 Commercial: 313 574-7016 Autovon: 786-7016 FTS: 973-7016
02	Commander U.S. Army Troop Support Command Directorate for Procurement & Production ATTN: AMSTR-PTA 4300 Goodfellow Boulevard St. Louis, MO 63120-1798 Commercial: 314 263-2821 Autovon: 693-2821
03	Commander U.S. Army Missile Command Procurement & Production Directorate ATTN: AMSMI-IDB Redstone Arsenal, AL 35898-5280 Commercial: 205 876-5098 Autovon: 746-5098
04	Commander U.S. Army Aviation Systems Command Directorate for Procurement & Production ATTN: AMSAV-PEC 4300 Goodfellow Boulevard St. Louis, MO 63120-1798 Commercial: 314 263-3080 Autovon: 693-3080
05	Commander U.S. Army Armament, Munitions & Chemical Command Industrial Readiness Directorate ATTN: AMSMC-IRB-R Rock Island, IL 51299-6000 Commercial: 309 782-2955 Autovon: 793-2955

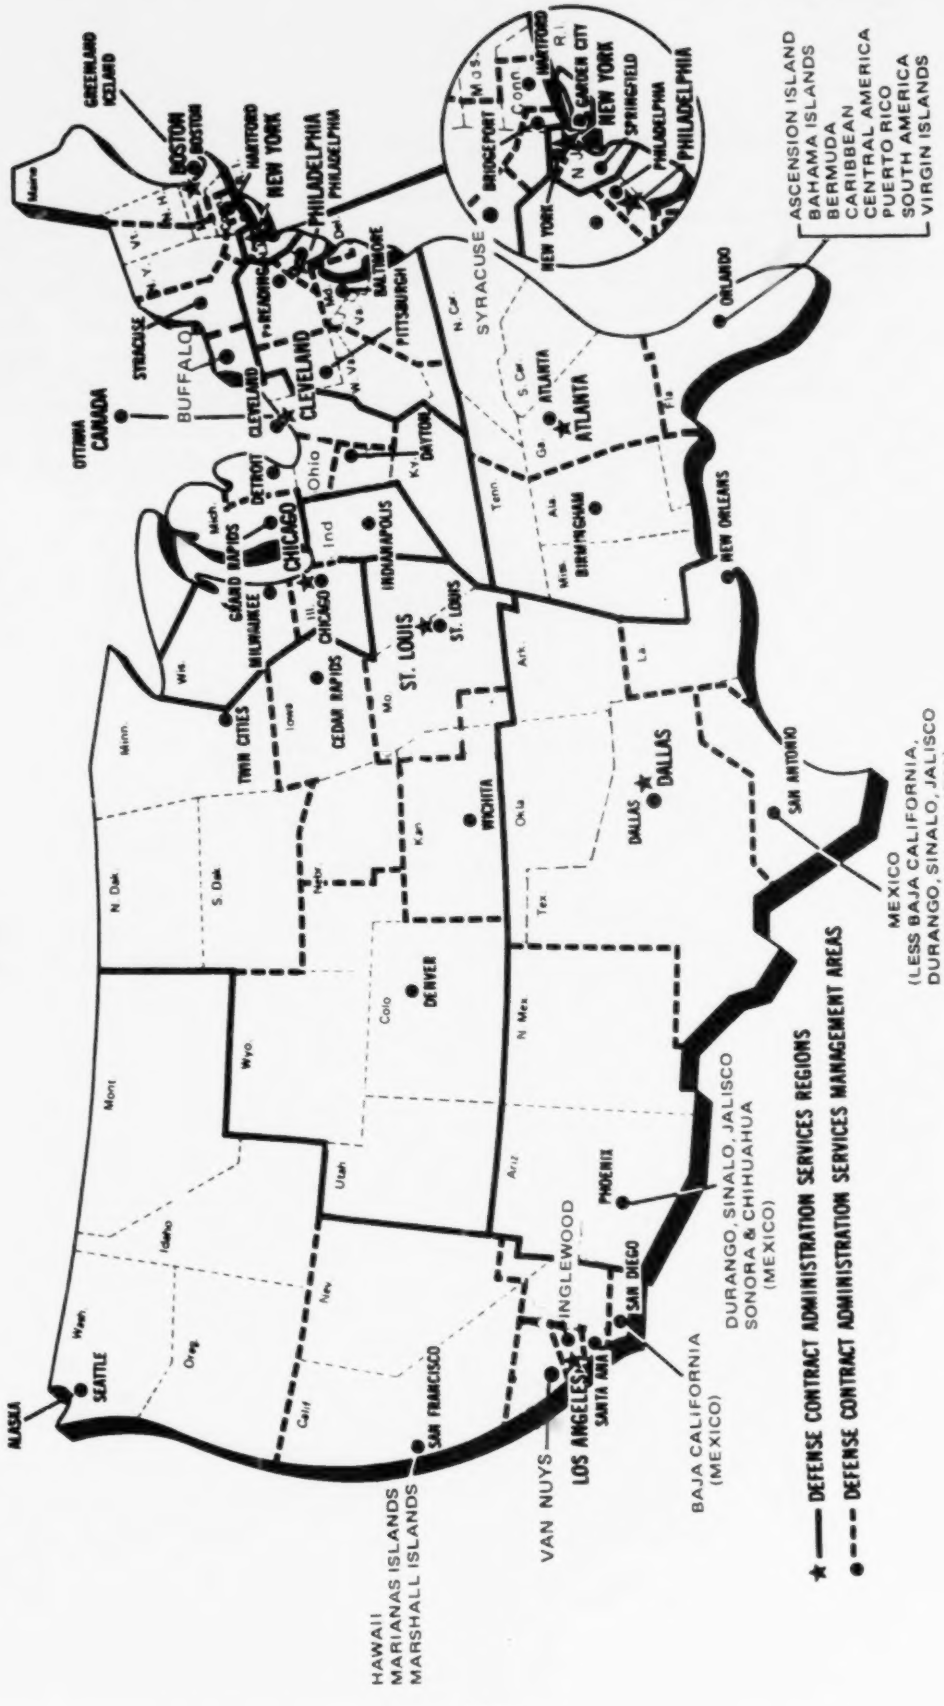
DCASR GEOGRAPHICAL BOUNDARIES AND COMPONENTS



Government-Owned Industrial Plant Reserve

The industrial plants and installations listed separately at the back of these sections, are those defined in DoDI 4155.4, Inspection and Reporting of Departmental Industrial Reserve Plants/Maintenance Facilities, under Departmental/DLA Industrial Plant and Equipment Reserve (DIPER) as, "Industrial installations and equipment held by the Military Departments/DLA in active or inactive status as a reasonable reserve of departmental controlled production capacity and potential. These installations may be Government-Owned/Government-Operated (GOGO) or Government-Owned/Contractor-Operated (GOCO). They consist of those installations which are retained and used in their entirety or in part for production of military weapons systems, munitions, components, and supplies."

DEFINITIONS

GOGO - Government-Owned and Government-Operated

GOCO - Government-Owned and Contractor-Operated

ACTIVE - An installation or plant in which there is a work force of any size employed in producing the product(s) or service(s) for which the plant exists.

INACTIVE - An installation or plant is inactive if it is shut down with no manufacturing activity being carried on beyond necessary maintenance and security.
